

# OUTSOURCED H&S ADVISOR SUPPORT PACKAGES

---

By keeping all of your safety needs under one umbrella you get a level of consistency and understanding you wouldn't get with anyone else. There are two options available depending on your needs:

---

## VIRTUAL SAFETY CONSULTANT

This package is ideal to follow on from a H&S Assessment with one of our HazardCo experts or support for your business with other H&S needs.

This service can cover anything from:

- Keeping the business accountable and monitoring activity and performance
- Ongoing implementation
- Content review and quality assurance
- Adhoc questions and answers and business support
- Or we can often tailor an offering for your specific needs

Your business will receive an initial one-hour consult on your business needs and a documented proposal outline the agreed outcomes.

## IN-PERSON SAFETY CONSULTANT

Need a HazardCo expert to come out to your site, then this will be an ideal solution for your business.

This service can cover anything ranging from:

- Completing site reviews
- On-site team training e.g Kickstart on-site
- Checking and giving guidance on H&S practises
- Running toolbox meetings
- Implementation of H&S Assessments
- Assistance in developing Standard Operating Procedures (SOPs)

Your business will receive an initial one hour consult on your business needs, and a documented proposal outlining agreed outcomes
