PROPERTY INDUCTION BOX

\$215+ GST

The new Property Induction Box is a purpose built solution for the Agricultural and Horticultural industries. It allows you to manage the induction of contractors and visitors to your property right at the gate.

- Manage the induction of contractors and visitors to your property online by scanning the QR code, or offline using the provided property sign in register for those times when technology is unavailable
- Get notified by email when visitors and contractors enter and leave your property using the QR code
- Property map with key information such as the location of first aid kit and hazards (if a copy of your property map is available)
- Emergency plan to keep visitors and contractors informed
- Electronic versions of induction cards are available online after scanning the QR code
- Sturdy watertight construction – made in NZ and built to last
- Made from high-quality UV resistant Polyethylene
- Fix to a gate, fence, or wall with the included fixings

EMERGENCY BOX

\$299+ GST

Dimensions: 160mm depth x 440mm height x 270 mm width

The Emergency Box is designed to provide the essentials to respond to an emergency situation in all types of workplaces.

- Air horn to attract attention during an emergency
- Premium First Aid Kit
- 1kg dry powder fire extinguisher - certified and tagged to NZS 4503
- Emergency plan inside the lid to keep everyone informed
- Sturdy watertight construction
- Made from high-quality UV resistant Polyethylene
- Fix to a gate, fence, wall or machinery with the included fixings

ADDITIONAL BOARDS

Ag/Hort Hazard Board
 450 x 600 Heavy Duty Aluminium
 \$60 + GST
